SKILLS

Technical: HTML5 | CSS3 | Tailwind CSS | Bootstrap | JavaScript | Python (Basic) | Git | GitHub | SQL **Tools:** Google Antigravity | VS Code

Soft Skills: Communication | Team Collaboration | Leadership | Problem-solving | Adaptability | Time Management

PROJECTS

Lead Step – Local Business Discovery & Customer Lead Generation Platform

- Developed a responsive platform for discovering local businesses based on ratings and business information.
- Implemented user registration, login, SQL database storage, and permission-based lead sharing with business partners.
- Built using HTML, CSS, Bootstrap, JavaScript, and SQL, with Google Antigravity 2.0 for AI-assisted development.

PRIMO – 3D Animated Strawberry Milkshake Brand Website

- Created PRIMO as an original 3D animated strawberry milkshake brand concept and designed its website from the ground up.
- Built an interactive product experience with smooth animations, modern frontend design, responsive layout, and cinematic visuals.
- Developed the concept, visual presentation, and website experience independently to give the brand a distinct digital identity.

Personal Portfolio Website – 3D Animated Developer Portfolio

- Created a personal portfolio website with a scroll-based 3D animated experience to present my projects, skills, profile, and what I can build.
- Designed the site with interactive sections, smooth scrolling, animated visuals, responsive layouts, and a project-focused presentation.
- Built the portfolio as a personal project using modern web development tools and Google Antigravity, with a focus on clear navigation and visual storytelling.

INTERNSHIP

Dynamic Agency — Full Stack Development | 02/01/2026 – 30/01/2026

- Gained practical programming experience in HTML/CSS frontend development and SQL backend concepts; worked on real-time tasks and improved problem-solving abilities.

CERTIFICATES

Full Stack Development – NxtWave Academy — Frontend development (completed); Backend development (in progress)
